Re: WECRD Aquatic Centre

The Elmore County Commissioners strongly support the Western Elmore County Recreation District Aquatic Centre. The Aquatic Centre will be a great asset to the citizens of Elmore County providing year-round access to recreation for Elmore County residents. The availability of pools with zero entry access will enable all individuals to utilize the facilities regardless of age or ability. Additionally, this facility will give people that are recovering from injuries or surgeries access to another means of low impact physical activity that can aid in their recovery.

The Aquatic Centre also opens the ability for local schools and organizations to hold swimming competitions and other aquatic events in our community. This would not only benefit the residents of Elmore County but also attract visitors to Elmore County.
