

FREQUENTLY ASKED QUESTIONS

- QUESTION:** Where are the interior pictures of the Aquatic Center?
ANSWER: Pictures of both the exterior and interior of the Aquatic Center can be found on our website and Facebook page. [Phase V – Interior Build \(wecrd.org\)](https://wecrd.org)
- QUESTION:** When the Aquatic Center is done and operational is there a plan on who is going to run it and what the cost is? Will the tax that's been collected over the past 20 years stop? If the taxes continue then do the ones paying the tax get to swim for free? How will this all work if you have it figured out, please share with everyone.
ANSWER: The WECRD will oversee hiring qualified employees to run the day-to-day operations of the Aquatic Center to include Lifeguards/Recreation Coordinator/Maintenance Technician etc.... We have a Projected Maintenance and Operating Budget posted on our website for all to view. The Aquatic Center is not a private entity and will be built and sustained largely by property taxes. There will be no membership fees for the Aquatic Center, however people will be charged a modest daily use fee or can purchase passes.

- QUESTION:** Are donations tax deductible?
ANSWER: As a 501 (c-3) charitable organization, donations to the Aquatic Center can potentially be tax deductible. Persons interested in making a donation should contact Betty Ashcraft, chair of the Recreation Foundation of Elmore County (RFEC), at email: bsashcraft18@gmail.com or visit our website at wecrd.org
- QUESTION:** Why hasn't an AUDIT been completed?
ANSWER: An Audit is completed annually for the WECRD as required by the Idaho Code.
- QUESTION:** Why has the project taken so long to complete, and it still is not done?
ANSWER: Unfortunately, in the past funds were diverted away from the construction of the facility and the WECRD was left with big penalties for cancelled contracts. The current board is on track with making the Aquatic Center a reality.

ANSWER: Yes, we will offer multipurpose rooms for rent for events such as birthday parties, physical therapy sessions, business/group meetings and more...

14. **QUESTION:** Where will the money go that is earned from the day-to-day revenue?

ANSWER: The daily revenue will go directly into the maintenance and operations of the Aquatic Center and future projects to include a possible splash pad, pickleball court, walking/bike path, multi-sport game courts and many more.

15. **QUESTION:** How much more is required to finish the Aquatic Center?

ANSWER: A breakdown of the projected costs to complete the Aquatic Center is posted on the website. Just remember those are estimates and the costs may increase due to inflation.

16. **QUESTION:** Why did the WECRD choose a SPRUNG building vs a brick and mortar?

ANSWER: The Sprung building has a faster build rate than a brick and mortar, minimal foundation requirements depending on the soil. The design has flexibility, non-corroding aluminum substructure and ultra-durable membrane which is built to last and has an almost indefinite lifespan. It is an energy efficient, robust tension system built to sustain extreme weather conditions. The attractive finish eliminates the need to refinish the interior/exterior walls, the superior airtightness of the building envelope increases the efficiency of the insulation and lowers HVAC and other operating costs.
