

Welcome to August 2025!

July began on a quieter note for WECRD as we awaited the arrival of new bid packages designated for public release and potential contractors. The architects are diligently working on the bid packages. Once they come in, we will act quickly, publishing the documents and promoting them through online channels.

We understand that the community has been waiting patiently for the Aquatic Center to become a reality. That said, the progress the WECRD has made over the past few years has been truly impressive. It's important to recognize that once completed, the Aquatic Center will offer tremendous benefits, providing year-round opportunities for recreation, fitness, connection, jobs, and so much more.

While long-term taxes can certainly feel frustrating, it's worth considering the lasting value they bring. These contributions pave the way for a vibrant future and a facility that will serve generations to come.

As always, please direct any questions to office@wecrd.org, and we will do our best to provide an answer. You are also welcome to attend our monthly board meeting, held every Wednesday at 6 PM. Dates and times are published on our website and Facebook.

The Recreation Foundation, which was formed to secure donations for the construction and ongoing programs at the Aquatic Center meets every 2nd and 4th Thursday at 11 AM at the WECRD Building. The Recreation Foundation has been incredibly gracious in offering tours of the Aquatic Center to potential donors and interested community members. Their dedication to sharing the progress and vision of the facility has made a meaningful impact.
