

HELLO JULY!

The interior walls of the WECRD Aquatic Center are coming along beautifully! Have you had a chance to check out the photos on our website or our Facebook page yet? If not, be sure to take a look, we've captured some fantastic shots of the construction crews making great progress. Over the next several months, we anticipate steady progress as interior walls and ceilings are constructed, plumbing and electrical rough-ins are completed, and doors, frames, hardware, glazing, fire sprinklers, and all fixtures—including showers, sinks, and toilets—are installed. With each phase, we move closer to a fully finished and operational facility.

The Recreation Foundation will continue exploring additional grant opportunities to help support the remaining phases of the construction project. The RFEC remains a dedicated advocate for the progress of the Aquatic Center and its successful completion.

As always, please direct any questions to office@wecrd.org, and we will do our best to provide an answer. You are also welcome to attend our monthly board meeting, held every 4th Wednesday of the month at 6 PM. Dates and times are published on our website and Facebook.

The Aquatic Center is becoming a reality, and your support means everything as the project continues to move forward.
