

HELLO AUGUST!

Another summer has come and gone, and a new school year is about to begin. Progress on the WECRD Aquatic Center continues to look fantastic. If you haven't had a chance to browse the latest photos on our website or Facebook page, take a moment to do so — we've captured some great shots of the construction crews making meaningful strides.

With roughly four months remaining in this first phase with Andersen Construction, the team will maintain strong momentum as they move through framing, inspections, roofing, insulation, painting, sealing, and much more. Each phase brings us another step closer to a fully finished and operational facility.

The Recreation Foundation will continue pursuing additional grant opportunities to support the remaining phases of the construction project. The RFEC remains a committed advocate for the Aquatic Center and its successful completion. Thanks to a generous contribution from the Laura Moore Cunningham Foundation, a portion of the restroom fixtures will be purchased by this grant.

As always, please direct any questions to office@wecrd.org, and we will do our best to provide an answer. You are also welcome to attend our monthly board meeting, held every 4th Wednesday of the month at 6 PM. Dates and times are published on our website and Facebook.

The Aquatic Center is becoming a reality, and your support means everything as the project continues to move forward.
